Joint Admission Exercise (JAE) Briefing

CELEBRATE EFFORTS!

The O-Level is a culmination of years of hard work and perseverance.

Let's celebrate our efforts regardless of the results.

Let's mark the end of the academic year by reflecting together on all our previous successes in school and the challenges we have overcome! 

REALIZE THAT YOU
ARE NOT ALONE,
THAT WE ARE IN THIS
TOGETHER AND MOST
IMPORTANTLY THAT
THERE IS HOPE.

Deepika Padukone

THINK OPPORTUNITIES!

- After receiving your GCE O-Level results, there are 3 possibilities:
 - You are happy that your results meet your expectations,
 - You are overjoyed that your results exceed your expectations, or
 - You are worried/upset because your results fall short of your expectations.

**Remember that everyone's learning journey is
different but we can each have a fulfilling
outcome!**

Many pathways and opportunities!

No matter the circumstances, there is always a way forward.

Stop

- Stop any unhelpful thoughts or actions that would make you more upset.
- Inhale deeply and exhale slowly using 10 counts as you relax your muscles.
Acknowledge your emotions.

Think

- Think through the different options that are available for you. Keep things in perspective.
- Remember that the N-Level is just one part of your life journey and not the destination.

Do

- Approach a trusted adult and seek his/her help. Have a conversation with this person about what would be best for you.
- Make a decision based on your options and take action.

When you receive your results, you may feel overwhelmed by emotions.

Managing these emotions well will allow you to stay calm and make rational decisions.

Reaching out for help is a sign of strength, not weakness.

If you have any concerns or are not coping, do reach out to someone you trust and speak with them. It could be a parent/guardian, teacher, School Counsellor or a friend that you can talk to.

Having difficult emotions during a stressful and uncertain period is normal.

Keep a lookout for some of these signs in your peers or yourself.

Deliberately avoiding others

Increased irritability, restlessness, agitation, stress and anxiety

Sending or posting moody messages on social media

Talking about death or dying

Reacting differently or gradually losing interest in things they used to like

Eating more than usual or having a much reduced appetite

Sleep pattern changes with difficulty falling asleep or oversleeping

Slowing down of energy levels

If you notice any of these signs in yourself or your friends,
have a chat with your school counsellor or teacher
Or contact SOS 24-hour hotline at **1800-221-4444**

Supporting Your Friend

We may each experience different emotions upon receiving the results. You can share your friends' joy by congratulating them or give words of encouragement to friends who may be disappointed with their results.

Keep a lookout for your friends in distress. You can support them in the following ways:

Calm them down

"Are you ok? Calm down, take a few deep breaths."

Hear them out

"I am here to listen to you." or "I am here for you."

Empathise with them

"It sounds like you are disappointed." or "It seems like this is a difficult time for you."

Encourage seeking help

"Thanks for sharing. Why don't we speak with a trusted adult who can help?"

Refer your friend to a trusted adult

"Let's talk to our teacher or our School Counsellor so they can better support you. Do share your feelings with your parents/guardians too. Would you like me to accompany you?"

8 Things You Should Know Before You Enrol in A Private School

School Registration

Ensure the school is registered with CPE. Review the school's registration period, expiry date and its overall registration track record.

Partner Institution

Research on the partner institution conferring the diploma or degree, and whether the qualification is recognised by the industry.

EduTrust Certification Scheme

Is the school EduTrust-certified*? Under the scheme, private schools are assessed for their performance in areas such as school management and provision of student support services.

*Schools are required to obtain EduTrust certification in order to offer external degree programmes

School Premises

Head down to the campus ground to check the facilities and support services. Observe the study environment too.

Fee Protection

Ask if there is any course fee protection so that you will be able to recover unconsumed course fees should the school close down.

Beyond Course fees

Find out about the course syllabus and materials, graduation rates and employment prospects. Approach the alumni to find out what they think of the school.

Teachers

Check if the teachers are qualified to teach the course.

Internship

If industry attachment is included, find out which organisation you will be attached to, the period of attachment and the alternative arrangement should the attachment become unavailable. Verify the information with the organisation as well.

Thinking About Your Next Step

Use 3 Key ECG Questions To Help You Get Started

Who am I?

The more I know about myself, the better my decisions.

Where do I want to go?

There are many pathways with opportunities for continuous learning and recognition.

How do I get there?

Be resilient, explore various pathways and be open to possibilities.

What happens when I don't get into the pathway I want?

Have you been thinking about these questions too?

How about discussing them with Ms Hwee Hoon, ECG Counsellor and make an informed-decision on your post-secondary pathways?

Speak to an ECG Counsellor

Making informed decisions is important for successful transition from school to further education.

Speak with your teachers and ECG Counsellor in school, besides your parents, on the possible pathways.
